

# Structural Rivet Guide

## 140 x 50 and 170 x 75 Beams

**Use:** 4mm x 10mm structural rivets

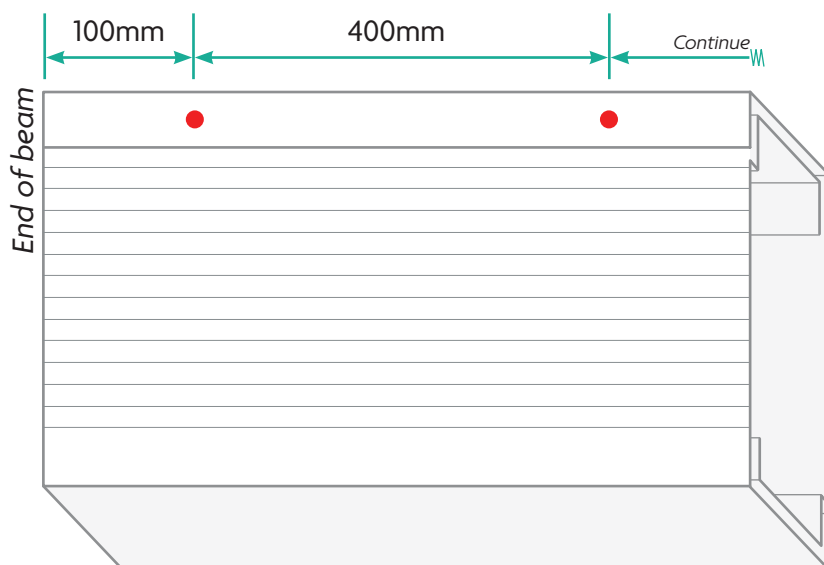

**Start:** First rivet 100mm from end of beam

**Continue:** Rivet every 400mm centre along both lips as shown in red

This is the same on both the 140 x 40 and 170 x 75 beams.
